

Anurag Singh

React & React Native Developer

+91-8745025358 — thakuranuragsingh099@gmail.com — Ghaziabad, India
Portfolio — LinkedIn — GitHub

Summary

React Native Developer with **2.5+ years of experience** building and shipping **5+ production Android/iOS apps** for the education sector, including a parent app with **1M+ users**. Experienced in **Redux Toolkit, Firebase, Kotlin native modules, on-device ML, and performance optimization**. Also a core developer of a full-stack **React + Node.js** template builder with AI-powered template generation.

Technical Skills

Languages: JavaScript (ES6+), TypeScript, Kotlin (native modules), HTML5, CSS3

Mobile: React Native, React Native CLI, Android, iOS, React Navigation, Reanimated, FlashList, Vision Camera, Native Modules, ML Kit, TensorFlow Lite

State & APIs: Redux Toolkit, Redux Persist, TanStack Query, Axios (interceptors, refresh tokens), REST APIs, JWT, Formik, Yup

Web & Backend: React.js, Vite, Tailwind CSS, MUI, Node.js, Express, Handlebars, Puppeteer, AWS S3, Google Gemini API

Firebase: FCM, Crashlytics, Push/Silent Notifications

Performance: React.memo, useMemo, useCallback, FlatList/FlashList Optimization, Memory Optimization, Production Debugging

Tools: Git, GitLab, Postman, Android Studio, Xcode, Gradle, CocoaPods, TestFlight, App Store Connect, Google Play Console, Claude Code

Experience

Software Engineer – React Native Developer

May 2024 – Present

EduNext Technologies Pvt. Ltd.

- Core developer on **4 production React Native apps** (Parent, Teacher, Management, SimplyAdmission) serving parents, students, teachers, and school leadership, with **680+ commits** across the codebases.
- Built a **Kotlin native module for face-recognition attendance** using **ML Kit and TensorFlow Lite (Mobile-FaceNet)** with geofenced check-in; fixed out-of-memory crashes on low-end devices via lazy model loading and image downscaling.
- Built an **in-app developer debug tool** (hidden long-press screen) to override base and microservice URLs at runtime, inspect API request logs, and copy requests as cURL, cutting production issue investigation time.
- Implemented **Axios interceptors with refresh-token handling**, force/in-app updates, and **Android 16KB page-size compliance**; improved data-heavy screens with **FlashList, FlatList migration, and memoization**.
- Built Parent Corner modules (**OTP-verified consent forms**, cafeteria, fee installments, profile) in the TypeScript **React.js** Student ERP portal using **TanStack Query**.

Key Projects

EduNext Parent, Teacher & Management Apps

React Native, Redux Toolkit, Firebase

- **EduNext Parent (1M+ users):** worked on the dashboard redesign, homework, timetable, calendar, gallery, quiz, library, and screenshot protection.
- **EduNext Teacher:** built requisition and transport communication modules end-to-end; currently lead the app, managing error tickets, urgent issues, testing, and Play Store/App Store releases.
- **EduNext Management:** top contributor; built finance modules (fee collection, pending fees, concessions, waivers), payroll, grievances, and **20+ analytics screens** with Gifted Charts and reusable dynamic tables.

Report & Template Builder (Full-Stack)

React.js, Redux Toolkit, Node.js, Puppeteer, Gemini

- One of core developers (**400+ commits**) of a **drag-and-drop canvas editor** for report cards, certificates, receipts, and ID cards, integrated with **3 products**.
- Built the **canvas-to-Handlebars export engine** with dynamic data binding, conditional logic, repeating table rows, charts, QR codes, and barcodes; added smart alignment guides and per-page Undo/Redo.
- Built **AI template generation** with the **Google Gemini vision API**, converting an uploaded document image into an editable Handlebars template.
- Extended the **Node.js/Express + Puppeteer PDF service** with custom Handlebars helpers, multi-copy PDFs (school/parent/gate copies), font embedding, and ZIP/AWS S3 export.

SimplyAdmission – School Admission System

React Native, TypeScript, Redux Toolkit

- Built the app from scratch with **50+ screens** covering enquiries, form sales, counsellor meetings, school tours, admissions, and lead tracking.

Education

Master of Computer Applications (MCA) – Correspondence

2024 – 2026

Bachelor of Computer Applications (BCA) – Hi-Tech Institute of Engineering and Technology

2021 – 2024
